A retreat for couples, families and friends, and paradise for lovers of authentic barefoot experiences.

### DISCOVERY OF KOKOMO

Kokomo Private Island is the personal passion project of Australian property developer Lang Walker, sailor and owner of S/Y Kokomo, a master diver and fishing fanatic who immediately fell in love with the island and Kadavu Region after discovering it by chance whilst sailing the South Pacific, back in 2011. In his words, "Kokomo resembles heaven on earth and the allure of developing the incomplete resort that existed was too great to refuse."

The vision for Kokomo, was to create a private island paradise like no other, one that caters to the needs of the fast growing, intergenerational market. The Walker's family hospitality and attention to detail is apparent across the island, from the exceptional gastronomy to the Yaukuve Spa Sanctuary, luxury accommodation, land and water based activities as well as facilities, complemented by sophisticated architecture and gardens.
