Fringed with swaying palms, the manicured lawns surrounding the helipad look out to sea and the nearby Whitsunday Islands. The Hamilton Island Golf Club on neighbouring Dent Island

provides the only championship island golf course in Australia and is also accessible daily by helicopter from qualia, as are Whitehaven Beach and Heart Reef on the UNESCO World Heritage Great Barrier Reef.

BARMY IN THE BAHAMAS

Oceanfront Baha Mar on Cable Beach, Nassau, is a phenomenal \$4.2 billion integrated resort destination in the Bahamas. Its international hotel brands include the 299-room SLS, which in January 2019 partnered with JetSmarter—the Uber of private aviation. Founded upon a global community of fliers who prefer an elevated travel experience, the private aviation company, now known as XO, was created by leveraging the power of

JetSmarter's groundbreaking innovation and technology and combining it with XO, one of the largest private aviation companies in North America.

Harbour Island's pink sands are a twenty-minute flight away, while the 1.5 million-acre West Side National Park on Andros—home to indigenous flamingos—is an even quicker fifteen-minute flight or easy boat ride.

one of Fiji's two main islands—and sprawling across 140 acres of lush rainforest and white-sand beaches, Kokomo Private Island is a life-affirming resort. Operating shared or private domestic air transfers, its guests are privy to an exhilarating experience flying in on board Kokomo's owned and operated Twin Otter dual command seaplane or Bell 407 helicopter.

“The vision for Kokomo was to create the resort that I always wanted to visit with my family but could never find,” says property developer Lang Walker. “Not just the best island resort in Fiji, but one of the best island resorts in the world—a private island paradise that caters to the fast-growing intergenerational market.”

THE LAP OF LUXURY

Delivering both safari and sustainability to the island of Madagascar, Time + Tide's luxurious Miavana resort is the epitome of a pristine island oasis.
