## FIJI

This South Pacific nation spans across an archipelago of more than 300 mind-bogglingly beautiful islands. With rugged landscapes, white sand beaches and coral reefs in crystal clear lagoons, there's a reason it's long been considered a top honeymoon destination. One of the most romantic places to take up residence is [Kokomo Private Island Fiji](#); the all-inclusive, uber-luxurious resort offers couples the chance to dive, snorkel or relax on the beach while dining on world-class cuisine. Each suite boasts its own infinity pool and garden. And, because winter is considered the slow season, the sprawling island is even quieter and more intimate. Couples who want to see the islands without breaking their bank can kick back at the less expensive and still gorgeous [Tiliva Resort](#), [Mai Dive Astrolabe Reef Resort](#) or [Oneta Resort](#).
