ISOLATION VACATIONS: EIGHT PRIVATE ISLAND RESORTS FOR EXCLUSIVE RENTAL

31ST AUGUST 2020

When it comes to luxury getaways, exclusivity matters (especially during the pandemic), which is why private island buy-outs are booming. Sam Ballard reports

Whether it's a Caribbean paradise or more unusual European and US private islands, these resorts all have one thing in common: they are designed for exceptionally wealthy individuals.

However, during the global pandemic, staying on your own private island has an added significance – health security. The ultra-wealthy do not have to expose their families to potential carriers of the virus, instead they can cocoon them in pure luxury on a private island.

8. Kokomo Island, Fiji

In Fiji, the private island of Kokomo is can accommodate up to 140 guests across five luxury residencies and 21 beachfront villas. Guests have access to an array of activities such as waterfall hikes, shark diving and coral reef restoration with an on-site marine biologist – at the grand cost of US\$150,000 per night.
