Kokomo Private Island Resort is offering an island buyout for \$138,000 per night for up to 30 people.

The island buyout package is available on their website and offers luxury residences and 21 beachfront villas to clients who book.

Guests will also be allowed to select from an extensive list of activities, facilities and experiences, including snorkeling, fishing and excursions.

“While the Fijian borders are closed, we are looking at safe ways for people to travel to Kokomo in the future to enjoy Fiji,” said resort manager Jacques Louw.

“The island buyout is an option we’re promoting for future travel once the Fijian Government has set new rules in place.” He said interest in visiting Kokomo remained strong.

“We look forward to welcoming all of our return guests and our new guests when the borders are opened and travel is safe for all in the near future,” said Mr Louw.

“Fiji is an amazing experience for tourists around the world and we look forward to working with the Fijian Government once border options become available.”

Kokomo is located in the Kadavu group.
